ABOUT ME

Highly focused, energetic, and enthusiastic graduate in Agricultural Science with a passionate interest in pursuing a career in research in the field of agronomy and sustainable crop production, with the aim of contributing to the development of effective agricultural practices and addressing challenges related to food security and sustainable agriculture.

EDUCATION & TRAINING

[12/08/2026 - Current]

Master of Science

Sher-e-Bangla Agricultural University https://sau.edu.bd/

City: Dhaka | **Country:** Bangladesh | **Field(s) of study:** Agronomy

[02/04/2022 - 25/07/2026]

Bachelor of Science

International University of Business Agriculture and Technology (IUBAT) https://www.iubat.edu/

City: Dhaka | **Country:** Bangladesh | **Field(s) of study:** Agriculture | **Final grade:** 3.85 out of 4 (First class) | **Number of credits:** 161

[01/07/2017 - 17/07/2019]

Higher Secondary Certificate

Shahid A.H.M. Kamaruzzaman Govt. Degree College http://skcr.edu.bd/

City: Rajshahi | **Country:** Bangladesh | **Field(s) of study:** Science | **Final grade:** GPA-5 out of 5

[03/01/2015 - 04/05/2017]

Secondary School Certificate

Court Model High School, Rajshahi https://cmhsr.edu.bd/

City: Rajshahi | **Country:** Bangladesh | **Field(s) of study:** Science | **Final grade:** GPA-5 out of 5

WORK EXPERIENCE

IUBAT Agriculture Research Station https://iubat.edu/

City: Dhaka | **Country:** Bangladesh

[03/10/2024 - 01/02/2025]

Research Volunteer

Research Topic: **Evaluation of Gladiolus Yield Characteristics Through Different Mulching Practices**

- Conducted a field experiment to evaluate the effect of different mulching materials on gladiolus growth and yield.
- Compared polythene, straw, gravel, and no-mulch treatments using a randomized experimental design.
- Collected and analyzed data on plant growth, flowering, and corm yield characteristics.
- Gained practical experience in field experimentation, crop management, and agricultural research.

Sher-e-Bangla Agricultural University https://sau.edu.bd/

City: Dhaka | **Country:** Bangladesh

[19/01/2026 - 25/03/2026]

Graduate Intern

Research Topic: **Growth and Yield Performance of Lettuce Varieties under Low Vermicompost-Based Soilless Culture**

- Conducted an experimental study on the growth and yield performance of different lettuce varieties in a vermicompost-based soilless culture system.
- Evaluated plant growth parameters, including plant height, leaf length, leaf breadth, and number of leaves.
- Assessed yield and biomass characteristics, including fresh weight, dry weight, leaf, petiole, and root weight.
- Managed nutrient solution preparation, pH and EC monitoring, and data collection under protected cultivation.
- Analyzed experimental data using appropriate statistical methods.

City: Dhaka | **Country:** Bangladesh

[02/05/2020 - Current]

Home Tutor

- Provided individualized tutoring in Biology and Chemistry to SSC-level students.
- Explained complex scientific concepts in a simple and understandable manner.
- Prepared lessons, study materials, practice questions, and revision plans according to students' needs.
- Conducted regular assessments and provided feedback to track academic progress and improve performance.
- Assisted students with problem-solving, exam preparation, and developing effective study habits.
- Maintained regular communication with students and guardians regarding progress and learning needs.

CERTIFICATIONS

[CABI Academy, 15/08/2026]

Integrated Pest Management (IPM) Fundamentals

• Identify factors affecting pest outbreaks

• List the most common pest groups affecting crop health

• Describe the essential steps of an integrated pest management approach

• List relevant prevention practices that reduce the risk of pests impacting crop health

• Select appropriate monitoring techniques to inform timely pest management decisions

• Describe the key factors affecting whether a pest control decision is economically viable

• Compare the advantages and limitations of different pest control methods when making an

integrated pest management plan

• Use the IPM steps to decide how to manage major pest groups and add suitable, practical

actions for each group into an integrated pest management plan

• Select appropriate evaluation techniques to assess the success of chosen control measures

[GIZ, ComCashew, and ATiNGi with EU co-funding, 17/08/2026]

Introduction à l'Agriculture de Conservation (CA)

- Completed a certified course on conservation agriculture techniques, focusing on sustainable farming, soil conservation, and efficient resource management. Implemented by GIZ, ComCashew, and ATiNGi with EU co-funding.

Mode of Learning: Online

[Rajalakh Horticulture Center, 16/12/2025]

3-Day Training Program for Entrepreneurs in Agriculture

- Tissue culture-based seed production
- Sustainable & Good Agricultural Practices (GAP)
- Export compliance
- Post-harvest management
- Agricultural marketing strategies

Mode of Learning: Project Based

Proyash Syngenta Scholarship 2025

- Selected as a recipient of the Prayash–Syngenta Scholarship based on academic performance, potential, and commitment to higher education.
- The scholarship provided financial assistance throughout my undergraduate studies, enabling me to focus on academic development, extracurricular involvement, and professional growth.
- This recognition also motivated me to maintain strong academic performance and actively contribute to the university community.

[United Nations System Staff College (UNSSC) , 23/09/2026]

Systems Change x Behavioural Science for Climate Action

- Exploring systems change.
- Behavioural science approaches to support effective climate action.

Mode of Learning: Online

[World Bank Group Institute for Development Economics , 22/09/2026]

Using Evidence to Improve Jobs and Income in Agriculture

- Using evidence to improve employment opportunities
- Income outcomes in the agricultural sector.

NETWORKS AND MEMBERSHIPS

Debating Forum of IUBAT Dhaka

International Association of Students in Agricultural and related Sciences Bangladesh Dhaka

HOBBIES AND INTERESTS

Travelling

Passionate about discovering new places, experiencing different cultures, and learning from diverse people and environments.

SKILLS

Soft Skill

Self - Confidence | Good listener and communicator | Organizational and planning skills | Motivated

Language

knowledge of foreign languages (I have already learned English on Upper Intermediate level) | Bengali | interact verbally in Hindi

Desktop Publishing

Microsoft Word | Microsoft Powerpoint | Microsoft Excel

Practical Skill

Drive vehicles
